He has worked on testing of Si-PM sensors. He has tested 3mm x 3mm, 4mm x4mm and 6mm x 6mm Si-PMs. He was involved in setting up of the experiment to collect the data. He has gone through the analysis code for Si-PM noise correlation. He has modified the code as per the data sets. He has checked the Si-PM PCB layout to solve the problem of no output signal from Si-PM.
